

## Wilderness and Climbing Permits 2021

This summer there are three ways to obtain a wilderness or climbing permit. The new Early Access Lottery pilot program offers applicants the chance to secure an assigned time slot to a staggered reservation process. Applicants will be able to plan definitive trips and see real-time availability. The General On-Sale will also be available online after the Early Access Lottery. Walk-Up permits will be available at Wilderness Information Centers during the season.

Early Access Lottery	General On-Sale	<b>Section</b> Walk-Up
The Early Access Lottery assigns successful applicants an access window; a specific date and time for the applicant to attempt to reserve a permit prior to the General On-Sale date. It does not guarantee a permit.  Step 1: Login to Recreation.gov and search for "Mount Rainier National Park Wilderness and Climbing Permits" to apply. Successful entries will be notified and awarded an Early Access Period window.  Step 2: During their assigned Early Access Period window, the individual will login to Recreation.gov to view real-time available inventory, and make up to one reservation.  Step 3: After the reservation is complete, the day before or the day of the start of the trip, the permit holder must visit a Wilderness Information Center to register.	The General On-Sale opens April 27, 2021. The Early Access Lottery and General On-Sale account for approximately 70% of permits issued for the season. Walk-Up availability accounts for the remaining 30%.  Step 1: Login to Recreation.gov and search for "Mount Rainier National Park Wilderness and Climbing Permits".  Step 2: View campsite availability in real time and create an itinerary. After identifying a desired trip with availability, complete the permit reservation.  Step 3: After the reservation is complete, on the day before or the day of the start of the trip, the individual must visit a Wilderness Information Center to register.	Walk-Up permits are available on a first-come first-served basis in person at a Wilderness Information Center May 28-October 11, 2021.  Step 1: Optional-before arriving at Mount Rainier National Park, visit Recreation.gov and search for "Mount Rainier National Park Wilderness and Climbing Permits". Click "check availability" to see what destinations still have space.  Step 2: One day before or the day of the desired trip, visit a Wilderness Information Center where a ranger can issue a permit based on availability on a first-come first-served basis. Visitors should pre-plan alternative trips as first choices may not be available.
The Early Access Lottery opens 7 am Pacific time (PT) March 2, 2021 and closes 9 pm March 14, 2021. Awardees are notified by email on March 17 with their assigned Early Access Period window. The Early Access Period lasts March 22-April 21. Throughout that period there are four early access windows per day (7 am, 10 am, 1 pm, 4 pm PT) with 15 early access applicants per window. Once the applicant's assigned window opens, they can reserve one permit anytime before 9 pm April 21.	The General On-Sale is available starting 7 am PT April 27 for trips falling between June 1 and September 30. Reservations must be made at least two days in advance of desired trip start date.	Walk-Up permits are available up to one day before a desired trip start date. Individuals with flexible trip destinations have a better chance of obtaining a permit.
	There is a \$6 non-refundable transaction fee. There is an additional \$20 fee to complete a permit reservation.	\$6 reservation fee. Credit/debit card only.

There is a \$6 non-refundable fee to participate in the Lottery.
